If you'd like to learn a new technique consider the class "Mini Mosaic Masterpiece". It's a beta class which means you'll help me create the samples for the cover of the pattern and help me improve the initial pattern before it goes to print.

I will provide all the fabric and notions needed to complete the top of the fat quarter-sized project. All you need to bring is your rotary cutter and optional tweezers. In return you'll receive a mosaic pattern of your choice when they come out.

I have space for 10-12 people. I've attached 2 pictures of what could be accomplished in this class. There will be 10- 12 different images in all. (If you have an image that you think would be appropriate for a pattern please contact me as this could be part of the beta process).
