This bag is so functional and handy for storing or transporting projects. The bag has a vinyl window so you can easily see what's inside. In class, we will be making the LARGE size, which will finish at 13.5 x 13.5 inches. We will be making the version with a solid bottom border (not pieced). You will need to buy the pattern, which includes instructions for four different sizes. Ruby Earnshaw has these patterns in stock, so please contact her if you wish to purchase one from the Cotton Sandwich shop. It would be helpful if you could come to class with all pieces cut and labeled, ready to start stitching. Ruby gives QAQG members 10% off.
