

# Faces

## Materials

- Background fabrics to make your Portraits on
- Scraps and fat quarters to use to “paint” your face and features, Plan on using lots of different fabrics.
- Novelty fabrics (notice the trains used for her hair?) Fabrics for fussy cutting: do you have anything that might look like an eye? A round or oval shape? Peacock feathers? Bring all your scraps with you.
- Basic Sewing supplies including scissors and rotary supplies
- Glue Stick! Very important **Elmer’s Washable School Glue Stick**: the glue stick material is a purple color. You can buy these at office supply stores. You will need several large size

---

*NO SEWING MACHINE NEEDED*

---

- All sewing techniques will be demonstrated so that you can spend your time designing and then finishing at home.
- DEMO: Thread for quilting all-over. **50W Aurifil** is our preference because it’s thin and cotton. Color? Either a neutral or sometimes I use the color of the skin tone on the portrait, or the color of the background of the portrait, basically anything works, even a purple face!
- DEMO: Thread for outlining: \*Black thread 50W with a free motion quilting foot. **Cotton Black YLI 50W** thread is thicker and stands out for your “sketchy quilting” aka outlining used to emphasize the portrait.
